CLASSROOM CONNECTION

Reading: Students had fun learning about animals; how they can look different when they are babies. Students learning about transportation. They drew the ferry.

Mathematics: We learned about measurements -Chapter 8 (Length/ height). We also learned about Classifying objects - Chapter 9 (Alike/Different - Sort by size—Sort by shape). All the students enjoyed their Math lessons measuring and classifying. We had a test for Chapter 8 and **ALL** did great Masha Allah.

Science: We learned about weather and sky, we painted showing kinds of clouds. We also learned about Day and Night and how the sky changes from night to day. We enjoyed working as a team to draw a big poster for the day and night. We also learned about shadows and observed our shadows in the sun and how shadows change.

Social Studies: We learned about We discussed about responsibility and defined chores and tasks. We also
